### **David Kamp recognized in Who's Who In Healthcare Facilities Management**

New York, NY — David Kamp, FASLA, LF, President and founding principal of Dirtworks, PC, has been named FacilityCare Who's Who in Healthcare Facilities Management for his accomplishments in business, passion for the profession, industry commitment and community service.

David Kamp, the founding principal of Dirtworks, PC, has more than 29 years' experience in the private and public sector. His distinguished career includes the design of a range of international, public, institutional, commercial, corporate, and residential projects throughout the United States, Europe and the Caribbean.

A Fellow at the Mac Dowell Colony and a Loeb Fellow in Advanced Environmental Studies at Harvard, David has been advancing the effectiveness of nature and gardens to influence health care environments, and specifically, as it addresses the special needs population.

David co-convened the first Meristem Forum, "Restorative Commons for Community Health" held on March 30th at The New York Academy of Medicine. Renowned neurologist Dr. Oliver Sacks, MD, of New York University and Albert Einstein College of Medicine, was the Keynote Speaker.

#### About Dirtworks, PC

Dirtworks, PC ([www.dirworks.us](http://www.dirworks.us)) is an internationally recognized and award-winning landscape architecture firm. Its designs enhance the restorative quality of the natural environment. The firm, founded in 1995 by David Kamp, ASLA, LF, provides clients with the creativity and technical knowledge essential to project design and site planning. Dirtworks, PC provides a full range of professional services with a staff of technically trained and design-oriented landscape architects.

#### About FacilityCare

FacilityCare is the only magazine reaching the broad spectrum of healthcare facility management. The FacilityCare family of healthcare facility management media includes FacilityCare magazine; the FacilityCare Email Report, reaching 20,000 readers two times a month; and the FacilityCare Web site, <http://www.facilitycare.com>, providing visitors with a one-stop resource center for all their regulatory compliance needs.
